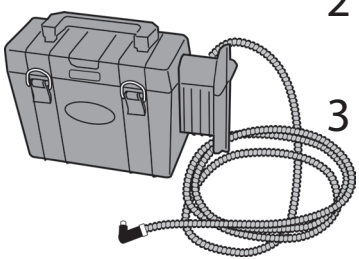
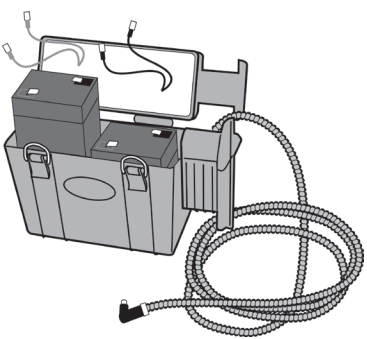
Assembly Instructions

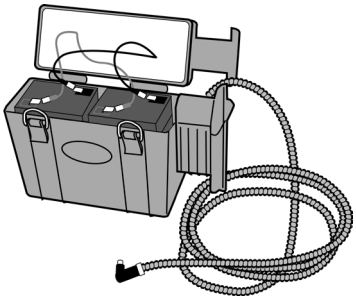


1 Verify contents of box.

2 Unwrap the extension wire from the EBX and open the battery compartment.

3 Insert both 4.5 amp hour 6 volt rechargeable batteries into the battery compartment.



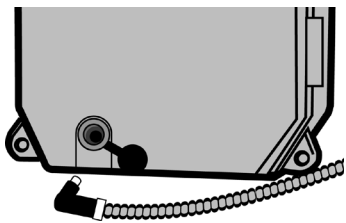


4 Connect the red (positive) battery wires to the red (positive) terminals on the batteries and the black (negative) battery wires to the black (positive) battery terminals.

5 Close battery compartment and wrap the extension wire back on to the extension wire spool.

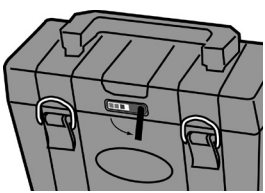
Connecting to camera

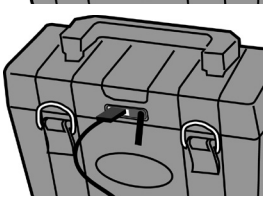
Note: The EBX is only intended for use with Wildgame Innovations 2010 game scouting cameras, or newer.



1 Locate the external battery port on your Wildgame Innovations camera and pull out the battery port plug.

2 Next, unwrap the extension wire to the required length and install the EBX plug into the external battery port ensuring that it is fully inserted.





Charging the EBX

1 Find the battery charge port located towards the top of the battery compartment and pull out the rubber plug.

2 Next, locate the charger and insert the adapter into the EBX.

3 Plug the charger in and charge the batteries for at least, but no more than 8 hours.

4 After the EBX is charged unplug it and replace the rubber plug.
